LAMBDA TD SOFTWARE

Press Release

April 18, 2011

LAMBDA TD Software Makes Strategic Agreement with Barix AG (USA) for Energy Saving Solution for 5,000 Luxury Home Project

Smart Home Web Developer to use Barix Hardware for 5,000 Home Mexico Project

LAS VEGAS (NV): LAMBDA TD Software (FRANKFURT, Symbol: XLS, ISIN: US51327T1051, WKN: A0YJT2) announced today that it will sign a strategic agreement with Barix AG (USA) to effectively implement LAMBDA's energy saving home automation solution, starting with the 5,000-home project in Laguna Del Mar in Northern Mexico. The Laguna Del Mar project incorporates LAMBDA's LFE™ FIVE Home Energy Management Solution to substantially reduce the energy costs for an entire community of 5,000 luxury homes in Puerto Penasco, Mexico.

Agreement terms were not disclosed. However, based on the initial numbers, the agreement should exceed six figures USD. Barix AG (USA) will benefit from the integration of its Barionet controller technology into LAMBDA TD's patented LFE™ FIVE Smart Home Platform and the introduction of more Barix manufactured products. Additionally, LAMBDA TD Software is in a strategic partnership with Silicon Valley web software developer MyOwnRealEstate.com to create a "community ecosystem property management system" that will deliver specialized energy management applications for

utility and residential customers to further enhance LAMBDA TD Software's creative approach to reduce energy.

LAMBDA's LFE™ FIVE Smart Connected Communities projects provide residents the ability to automate home media & entertainment, security & surveillance, HVAC climate controls & energy monitoring, lighting & electrical controls, and “triple play communications” to substantially reduce the energy costs for entire communities.

ABOUT LAMBDA TD Software, Inc.

LAMBDA TD Software, Inc. (www.lambdatdsoftware.com) is a Las Vegas-based Smart Home Automation company that develops and installs LFE™ Five (pronounced "Life Five"), the first web-based smart home automation and universal remote control platform operated by LAMBDA's patented LFE™ touch panel system. LAMBDA was founded in 2006 and provides smart home technology solutions to both commercial and residential customers. The flagship product, LFE™ FIVE (LAMBDA FIVE ENVIRONMENT), is the first patented open system, open architecture remote control system designed for homes, businesses, schools, hospitals, and municipalities. With LFE™ FIVE (LAMBDA FIVE ENVIRONMENT) entire high-rise buildings can become connected and turned Green, an approach that is in many U.S. areas supported with government, carbon offset credits, and Green Tax credits. LAMBDA is publicly traded at the First Quotation Board at Deutsche Boerse in Frankfurt (Symbol: XLS, ISIN: US51327T1051, WKN: A0YJT20).
